Friday 23rd February 2018

This week we have been learning...

In English this week we have been learning about 'The Lonely Beast'. We have looked into the book in a lot of detail. We looked at a scene from the book and discussed what could be happening, how the beast may have felt and how the people in the city may have felt. We have been able to read the story using a text map. We have used this information to act out the story and suggest how we can improve our performance.

In maths we have looked at symmetry in 2D shapes. We have been able to use mirrors to create lines of symmetry. We have then sported a variety of 2D shapes and 3D shapes using Venn diagrams and discussed how they have been sorted,

This week in topic we have learnt about animals including humans. We have looked at how animals grow and made our own life cycle representing an animal of our choice. We have used a thesaurus to describe a mythical creature, we have begun to use commas in our sentences.

This week and next week we will be taking part in our secret agent training services, (SATS) this is to show any gaps in learning that need to be covered.

How you can help at home.

Please take a picture of your child reading in an unusual place and send it to our class email for our reading display.
