Friday 17th November 2017

This week we have been learning...

This week, in our writing, we have begun to look at our new book '**Ice trap!**'. We have been able to make predictions about the book using only the front cover; we have used the virtual reality headsets to visit Antarctica. We have also used a variety of adjectives and conjunctions to describe what we saw. We have been working hard on our cursive handwriting when we have sequenced our story.

In Maths, we have begun to investigate money. We have looked at pence coins and pounds. We have been able to combine coins to make a total. We have written it as £1 and 32p. We have opened a shop in the class to use coins to pay for objects.

In our topic 'Snow Explorers', we have investigated how people in snowy places travel. We have designed our own transport and given reasons for the features. We have looked at the equipment people would use on an expedition and suggested what they may be used for. We have created Artic scenes using chalk ensuring we have lot of detail.

On Friday, we celebrated friendship day. We made a friendship bracelet, wrote a recipe for what makes a good friend and played some friendship games.

How you can help at home.

Go to the local shops, let your child buy something using the correct change.

Home Learning this week:

Reading with your child.

Spellings

Home learning challenge (12points)

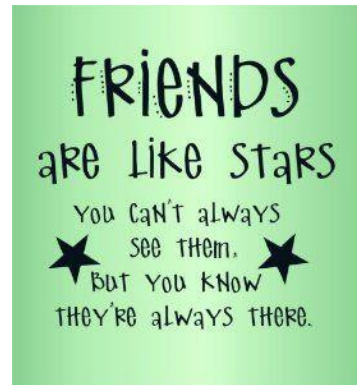

Spellings:

door, floor, again, wild, children, climb, parents, most, only, both

Please remember

We need boxes, tubes and cardboard for our end of term project. The more we collect, the better it will be. Please bring in what you can, when you can.

Thought for the week.

Star of the week goes to...

George Allan

For settling into a new school and improving his cursive hand writing.

Congratulations!
