

Langley Park

Ourselves

Term 1

### Inspirational introduction

Staff show photo of a baby (themselves) – can the children detect who it is by the clues left in a mystery box?

### Key texts

Titch  
My 5 senses/ How my body works  
Funnybones  
Avocado baby  
The Rainbow Fish

### As friends we will learn to:

- Share with our friends.
- Ask for help when we need it.
- Include others in our play.

### As communicators we will learn to:

- Listen to others in small groups.
- Understand simple instructions.
- Retell events in order.

### As we grow will learn to:

- Move confidently in different ways.
- Use one handed tools such as scissors.
- Manage my self-care with support.

In this topic children will learn about how they grow, the 5 main senses, key emotions, main bones of the body as well understanding the rules and routines of the classroom.

### Fabulous finisher

Children bring photos of themselves as babies and explain how they have changed – display for discussion about how they have changed.

### As writers we will learn to:

- Use phase 2 phonics to help us begin to read and write.
- Give meaning to marks I paint and draw.

### As mathematicians we will learn to:

- Match numerals to quantity correctly.
- Show an awareness of shapes in the environment.

### As scientists we will learn to:

- Talk about what makes us unique.
- Think about how things grow over time.
- Use simple technological equipment.

### As artists we will learn to:

- Explore how colours can change.
- Explore how sounds can change.
- Use my own experience to create imaginative role play.
