

# Foundation Stage Newsletter

Friday 9<sup>th</sup> March 2018

**This week we have been learning...**  
...all about Cinderella!

We have been learning about adjectives and how they help us describe things (such as Cinderella's dress before the fairy godmother visits her and after)!

We experimented with how different surfaces could make the 'coach' (our toy cars) go faster, we designed new shoes for Cinderella, made magic wands, learnt about o'clock times and wrote magic spells.

We had a brilliant World Book Day (the costumes were amazing) and enjoyed sharing our favourite books .

We also enjoyed a Harmony Day on Friday where we learnt and celebrated each others differences.

**Please remember:**

- **Earrings MUST be taken out on Tuesdays for P.E and if you child takes part in physical after school clubs (street dance, football, gymnastics, multi skills).**

**Phonics** – Play lots of phonics games to encourage the children to hear the different sounds in words. E.g. can you find me 2 objects that begin with 'd' etc. These can be any objects you would find around the house or on the walk to school.

**Home Learning:** can you draw and write the ingredients you would need to make your own magic spell- just like the Fairy Godmother.

**Thought for the week.**

*'Where there is kindness there is goodness and where there is goodness there is magic' - Cinderella*

Star of the week goes to...

**Tamas – Discovery Class**

For excellent use of phonics in his independent writing and reading.

**Ettie – Apollo Class**

For growing in confidence and working hard with her writing.
