

Year 3 Newsletter

Thursday 8th February 2018

This week, we have continued our topic: 'Chocolate'. Our latest topic focuses upon the importance of a balanced diet as well as product development/research.

This week we have been learning about ...

Complex sentences. We have been learning all about how different sentence structures and have been working hard to include them within our writing. Fortune have worked hard to create fantastic character descriptions of Grendel this week and have used a wide range of skills to create their own endings to the story.

In Maths, we have been investigating the monetary system. Fortune have been focusing adding different amounts of money and calculating change in a range of practical contexts. The children will be continuing to use these skills after half term and any real life situations that you can find for them at home to use these skills would be fantastic!

In our afternoon topic sessions, Fortune have been creating their own chocolate products. The children have used their research to create their own chocolate bars and have even conducted their own quality control tests. The children have shown a fantastic understanding of the design and manufacturing process and have demonstrated this brilliantly this week!
