

Year 3 Newsletter

Friday 20th October 2017

This week, we have continued learning about the Stone Age with our topic: 'Changes'.

This week we have been learning about ...

In English, we have been writing our own fantastic descriptive postcards about a terrifying cliff collapse. We have been trying our best to use all of the punctuation we have focused on this term alongside powerful verb choices and amazing adjectives.

In Maths, have been focusing upon our understanding of subtraction and addition this week. We have continued to use our formal column methods and have been carefully studying the tricky vocabulary that is often used in reasoning problems. We have continued to use RUCSAC to help us understand how to answer our questions.

In our afternoon topic sessions, we have been focusing upon Science. We have been learning all about how soil is formed and how fossils have been formed over millions of years. We have also investigated a range of different rocks and looked at the way in which we can categorise and sort information. Fortune have been applying their English skills well in this writing and have produced some fantastic work this week using a wide range of conjunctions to help them with their explanations.
