

# Seedlings Newsletter

Friday 6<sup>th</sup> July 2018

This week we have been learning all about 'Superworm'!

We have been talking about the size of objects and learning to compare them.

We have been counting out characters from the story as well as mark making about what we heard in the story.

The children have also been focusing upon getting ready for big school, practising going to the hall for lunch, changing for PE as well as visiting their new classrooms and learning environments.

Next week we will be focusing upon all things Summer! We will be looking at clothing that we wear in the Summer, how we look after ourselves in the warmer weather and then looking at Summer holidays!

We will also be working on counting groups of objects, hearing sounds within words to help with our oral blending as well as talking about what different types of things we can do in the Summer.

## Dates for Diary:

**Friday 13<sup>th</sup> July:** Dress up as a superhero day!

**Wednesday 18<sup>th</sup> July:** Nursery Graduation

**Thursday 19<sup>th</sup> July:** Nursery Graduation.

**Friday 20<sup>th</sup> July:** Last day of Term 6 and End of Year Parties in AM and PM.

## Warmer Weather:

Please ensure your child comes to nursery with sun lotion already applied for each session and a sun hat. Our new outside area has a limited amount of shaded areas at the moment.

## Reports

In your child's report all nursery attendance is marked as non applicable due to there not being a requirement to attend as there is in the main school.

Well done to George for growing in confidence when playing with his friends!

Well done to Olivia for having such a positive attitude towards all she does in nursery!
