

Year 4 Ambrosia Newsletter

Friday 14th September, 2018

This week we have been learning...

This week, we received a strange suitcase, which was locked. We reviewed writing expanded noun phrases and adverbial phrases to describe the suitcase. Luckily, the key was located. Once we opened it, we found it full of items that a spy would use. Ambrosia class soon found out that it was linked to our class novel, 'Operation Gadgetman' by Malorie Blackman. We found out that Bean's father, 'Gadgetman' had been kidnapped. We planned and wrote a missing person poster.

In Maths, we continued learning about Roman Numerals. We have also been finding multiples of 10. This helped us to round numbers to the nearest 10 by finding the multiples either side. We used a rhyme '1,2,3,4-go back to the one before, 5, 6, 7, 8, 9-continue up the number line'. We have also solved problems that needed our skills of rounding to 10 and have started to round numbers to the nearest 100.

As part of our topic on 'What does it mean to be healthy?', we have carried out experiments to see how different liquids can cause tooth decay. We will share our results next week. We have also thought about what activities we can do that keep us healthy in mind and body.

How you can help at home.

Home Learning this week:

Reading with your child.
Times table of the week-3s.
Spellings will be given out on Mondays to be learned for the following Monday.

Please remember

P.E will be on a Tuesday and Thursday.
Please ensure your child has a named P.E kit. Reading books need to be brought to school everyday. Home learning is due by the last week of term.

Thought for the week:

Star of the week goes to...

Sara

For being so enthusiastic with her reading and taking part in class discussions

Congratulations!
