

# Year 4 Ambrosia Newsletter

Friday 21st September, 2018

## This week we have been learning...

This week, we have been developing our reading skills by understanding what inference is and how we can use it to help us with our reading. We have also used clues in the text to help us understand unfamiliar words from *The Wizard of Oz*. We have published our missing person posters and have been writing adverbial phrases.

In Maths, we have continued our work on place value and what each column is worth. We have been partitioning numbers to 1000 and have started to look at numbers up to 10,000. We have also been practising our tables.

As part of our topic on 'What does it mean to be healthy?', we have been trying out yoga to see how this can help how we are feeling. We have looked at our eggs from our science experiment but have decided to leave them for one more week. To apply our creativity element, we have designed our own portraits in the style of Arcimboldo. They are almost finished and will be displayed in the hall.

## Home Learning this week:

Reading with your child.

Times table of the week-6s.

Spellings will be given out on Mondays to be learned for the following Monday.

## Please help:

We are still trying to stock our book corner and the library. If you are having a clear out of children's books, we would greatly appreciate any donations. To try to protect clothing when we are painting, please could we also have donations of any oversized t-shirts or shirts that could be used as painting overalls? Thank you for your support.

## Thought for the week:

**"If we all do one random act of kindness daily, we just might set the world in the right direction."**

~ Martin Kornfeld

Star of the week goes to...

Kobey

For improving his handwriting in pen and taking part in class discussions.

# Congratulations!
