

Year 4 Ambrosia Newsletter

Friday 25th January, 2019

We have finally completed our Greek pots and have decorated them with patterns and images from some of the Greek myths that we have read. We have also been planning and writing our own versions of myths that we know and have been developing our understanding of subordinate clauses.

In maths, we have started reviewing our knowledge of written methods for multiplication and are now moving on to the standard form.

	2	3	4
x			6
	1	4	0
			4

Ambrosia have also been investigating what happens to the movement in a mechanism when the shape of the cam changes. We will soon be designing our moving model of the Greeks using what we have found out.

The trip to Voices at the O2 is fast approaching (Friday 1st February) and we are practising the songs and routines in earnest. Please do encourage extra practice over the next week at home. I am sure they would all love to perform their songs and routines to you. It will be like a trip to the theatre!

Thank you to everyone for your contributions towards our Living History workshop. We have now confirmed our booking for the last Monday of term.

<https://www.timestables.co.uk/>

(This site is full of games for learning multiplication facts and includes a speed test).

Home Learning this week:

Reading your class book.

Read Theory.

Times Table Practice.

Spellings will be given out on Mondays to be learned for the following Monday. This week is using the suffix -ation.

Homework this week is to present information about a Greek god or goddess. How the children wish to do this is up to them.

Thought for the week:

Star of the week goes to...

Hope G

for consistently good presentation and for always trying her best with all her homework.

Congratulations!
