

# Year 4 Ambrosia Newsletter

Friday 30th November, 2018

**This week we have continued our inquiry into how science has helped to change the world.**

In maths, we have been multiplying two digit numbers by 10 and 100. We have also been consolidating our understanding of written methods of addition and subtraction.

In English, we have been looking at the features of explanations and have been applying them to our own explanations of how our inventions worked.

During our inquiry lessons, we have completed our designs for our inventions. We created slogans and jingles, made models and rehearsed and performed our presentations. We voted for our favourite class invention to go to the semi final, which was judged by Mrs Fidock. Our winning group, who designed a water scooter, will be participating in the grand final on Monday at Leigh Academy. On Thursday, we had a real inventor, Mr Phil Edwards, visiting the class to explain how ideas are developed through biomimicry.

## **Home Learning this week:**

Reading your class book.  
Read Theory.  
Times Table Rockstars.

Spellings will be given out on Mondays to be learned for the following Monday.

This week's homework is a task about perimeter to be handed in by Tuesday 4th December.

## **Thought for the week:**

Star of the week goes to...

**George**

**for his enthusiasm and teamwork skills  
with his invention group.**

**Congratulations!**
