

Year 4 Ambrosia Newsletter

Friday 20th September, 2019

This week we have continued our inquiry into how the development of inventions and technology may have improved life for humans.

In maths, we have been reading, writing and partitioning numbers to 1000 and identifying which multiplication tables we need to work on.

During our inquiry lessons, we have been researching how humans have impacted the world. We have now selected areas of pollution to research further. We will be sharing our ideas with the rest of the class during the week.

On Friday, Phil Edwards visited and held an invention workshop. We have started to think of ideas for inventions for #Leighinnovations. Thank you to everyone who has donated recyclable materials so far. Please do continue to send these in.

Congratulations to Taha and Victoria who were voted in as our new school councillors.

THERE WILL BE NO CELEBRATION ASSEMBLY ON THE 27th SEPTEMBER.

Home Learning this week:

Reading (4 reads for 20 minutes).

Times Table Rockstars, Topmarks or multiplication flashcards.

Spellings will be given out on Mondays to be learned for the following Monday.

Continue with term project.

Please note, PE has changed to **Tuesday and Wednesday**.

Please remember that the children must have trainers and that earrings need to be removed.

Thought for the week:

Do what is
RIGHT,

Not what is
EASY.

Star of the week goes to...

Toby.

for being an excellent **inquirer**
when researching about human impact.

Congratulations!
