Key Concepts	Perspective Change	Function Connection Change	Perspective Form Connection	Function Causation	Form Function Responsibility	Causation Connection Responsibility
Related concepts	Communities Communicators Values	Networks Journeys	Expression Imagination Media	Climate Seasons Classification	Employment Authority Education	Plants Habitat
Central Idea	Changes happen as we live and grow.	All living things need shelter.	Storytelling can connect us with others.	Living things are constantly changing.	We all have a role to play.	Plants are a resource
Lines of Inquiry	An inquiry into similarities and differences around me. An inquiry into families and groups or people working together.	Living things need different homes. People need to work together to create a community.	People communicate in different ways. People celebrate their cultures in different ways.	An inquiry into where light comes from. An inquiry into the importance of light in our daily lives. An inquiry into the importance of light in our environment.	Working together creates unity. We are responsible for our environment. Being organised leads to independence.	Human action impacts on our world. Plants and animals rely on systems to survive.
